FOR CHURCH LEADERS OR PASTORS

Your congregation is equipped to offer children and families in foster care relational, spiritual, and material support, but what that can look like is unique to your church's vision and DNA. I'd love to support you in identifying your church's best next steps as it lives out its call to love our neighbors in foster care. Pull out your phone and text me your name at 419.496.2507, and I'll follow up to get some time on our calendars!

Small Group Model

Micro-gatherings

Basic Concept: A gathering “host” guides 6-8 people as they go to the movie and then discuss it over coffee/dinner after the film.

Hosts:

- Staff members, volunteers, or church leaders who are willing and able to serve as facilitators for the microgatherings.
- Set show times and theater locations for the microgatherings based on host availability.

Resources:

- Discussion Questions to help hosts talk about the film and facilitate conversation.
- More info on the movie
- Follow up QR and contact info for FFM:

PLEASE NOTE: all of these resources are on FFM’s website under Sound of Hope MOVIE. Scroll to “next steps” for many more resources.

Invite Attendees:

- Invite 6-8 people you are personally connected to; OR,
- Invite specific people to micro-gatherings based on their role/background, offering more focused conversation and calls to action (you could have one for pastors, one for business owners, one for young professionals, etc.)

Facilitate the Experience:

- Discuss with guests immediately after the movie to debrief.
- Implement your follow-up steps with the people who took the call to action.
